

Availability: All year round

**Address: Various addresses
(Zone 2)**

World Gate Student Services offer a variety of economy shared flats/houses in which students can live completely independent whilst living in London. All of World Gate's accommodation are close to the School and have good transport links, shops, bars and restaurants close by. Properties include:

- Twin or Single rooms which will include TV, table and storage
- Shared kitchen
- Shared bathroom
- Washing machine

This best thing about living in this kind of environment is that students are completely responsible for food, with a shared responsibility for the upkeep of the house. This is a great way to gain independence, a skill that will come handy throughout both the stay in London and later in life.

World Gate staff are very helpful and friendly. When students move into a house a World Gate representative will meet you, show you around the accommodation and explain everything so that students you settle as quickly as possible.

This accommodation is very popular with students staying long periods of time in London. The advantage of this is that you will be welcomed into the house by others who have experience of living in London. This will make life easier when it comes to making friends and getting the most out of this beautiful city.
